

PERSON presents:
**No Energy Transition without the
Social Sciences and Humanities:
Why a PERSONal approach is needed**

Date 22 June 2017
Time 9.00 -12.45
Venue Neth-ER, Rue d'Arlon 22, 1050 Brussels, Belgium

- 9.00 Coffee, networking and registration
- 9.30 Welcome by moderator, **Govert Buijs**, Strategic Advisor Sustainable Society, University of Groningen (the Netherlands)
- Opening, **Linda Steg**, coordinator PERSON platform, Professor of Environmental Psychology, University of Groningen (the Netherlands) - *PERSON: Strengthening the Impact of SSH Research to Promote a Sustainable Energy Transition*
- 9.50 Column, **Stephanie Johnson-Zawadzki**, PhD Environmental Psychology, University of Groningen (the Netherlands) - *Changes in the US Public Opinion on Climate Change after Trump's Election*
- 10.00 **Bonnie Ram**, Senior Researcher and Associate Director of the Center for Carbon-free Power Integration, University of Delaware (United States) - *US Reflection on EU Energy Policy*
- 10.30 **Martha Roggenkamp**, Professor of Energy Law, University of Groningen (the Netherlands) - *Reflection on Research to Enrich EU Energy Law*
- 11.00 Coffee break
- 11.30 On-stage cross-over dialogue between *Engineering & SSH Research*
- Engineering**
- **Mark O'Malley**, Professor of Electrical Engineering, University College Dublin (Ireland)
 - **Anders Elverhøi**, Director UiO: Energy, University of Oslo (Norway)
- SSH Research**
- **Sabine Pahl**, Associate Professor in Psychology, Plymouth University (United Kingdom)
 - **Geertje Schuitema**, Lecturer in Consumer Behaviour and Technology Adoption, University of Dublin (Ireland)
- 12.15 **Gerd Schönwälder**, Policy Officer Strategy, European Commission - *Reflections from the European Commission*
- 12.45 End of program

PERSON Platform

The European Platform for Energy Research in the Socio-economic Nexus (PERSON) brings together independent SSH experts from all over the globe who represent the top of research on energy in their field. PERSON was established as a result of the Brussels expert meeting in June 2014 during the European Sustainable Energy Week 2014. PERSON aims to establish a dialogue platform that integrates knowledge on ways to encourage a sustainable energy transition of different SSH disciplines, and fosters knowledge sharing between SSH scientists, governments, industry and civil society.
